#### **C. Additional Information: Research Support and/or Scholastic Performance**

##### **Research support**

D43 TW010143 Derbrew (PI) 8/25/15 – 7/31/20. Funder - NIH

MEPI Scholars Program for Developing Research Capacity of Junior

Faculty at Addis Ababa University

The goal of this program is upgrading research capacity at Addis Ababa University College of Health Sciences (AAU CHS) through creating cohorts of core faculty with specialized research skills and careers in four selected scientific disciplines (HIV/AIDS and related infections, maternal and child health, non-communicable

diseases [e.g., diabetes, cardiovascular], and mental health) which are strategic components of the AAU CHS development plan.

Role: Research Fellow/Trainee
