

KSUM 2023

The 54th Annual Congress of Korean Society of Ultrasound in Medicine

May 11 (Thu) – 13 (Sat), 2023 | Coex, Seoul, Korea

Dear colleagues,

On behalf of the Korean Society of Ultrasound in Medicine (KSUM), it is our great honor and pleasure to invite you to KSUM 2023 which will be held from May 11 (Thu) to 13 (Sat), 2023 at Coex, Seoul, Korea.

In spite of the ongoing COVID-19 situation, we successfully hosted KSUM as a hybrid meeting in 2022 thanks to the solid support and enthusiasm of all members.

In the hope that the global situation will be better this year, we are preparing for the upcoming congress to be held in person, and are developing a rich program that will provide a great opportunity for all participants to keep up-to-date with the latest research findings.

KSUM 2023 will propose a 3-day program during which upgraded scientific programs including Meet the Professor, Interactive Case Review, and Case of the Day will bring together eminent speakers and delegates from all over the world. To encourage scientific activities, the organizing committee is also preparing various awards and prizes.

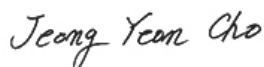

We are confident that KSUM 2023 will offer even more to see and learn compared to the previous congresses as well as present you with long-lasting memories. Please join us for this wonderful experience.

We look forward to welcoming and meeting all of you in person in May 2023 at KSUM 2023 in Seoul, Korea.

Sincerely yours,

Hyunchul Rhim, M.D.
President
Korean Society of Ultrasound in Medicine

Jeong Yeon Cho, M.D.
Chair, Organizing Committee
Korean Society of Ultrasound in Medicine
